

To notify and inform the public

WHAT IS THE BIOCHIP?

Using the biological microchip technology on all people:

- 1 . Injected under the skin.
- 2 . Monitored by U.S. satellites.
- 3 . Personal financial info is global.
- 4 . Governments and Int'l Corporations.
- 5 . Canadian authorities have continually attested to me that these are the facts.

WHAT ELSE SHOULD I KNOW?

DNA, genetic research, cloning is obsolete: temporary answers, at best.

- a) Experiment on patients
- b) Applied on prisoners and government personnel
- c) Babies and Immigrants
- d) Bio-torture
- e) Transponder 'chip detects people's money and moves.

External entities and agencies misrepresent Canadian interests. Enterprise is increasingly militaristic.

Local businesses suffer losses.

Global Companies want to continue contaminating our life-support. Their economic explanations are inaccurate.

Better proposals have been circulated to our Provincial and Federal Departments.

Clarification has been sent to City Council and the business community.

SEEING THINGS CLEARER

The species barrier has been broken.
Diseases cross over: pests – pets – people.

Although busy, you'll want to discern the facts. Be careful of what experts tell us.
Decide to know nature is at risk.

- 1 . Honesty allows you and me to approach officials, employers.
- 2 . Defend the law. Protect your families.
- 3 . Our food and water are the life issues.

“ABOUT THE “FUTURE”

The “future” is here for the elite. Our homes, work, cars, and equipment are on-line, -Star. How many can afford it.

The ruling classes are using artificial intelligence to “know” their subjects.
Manufacturers ‘chip **all** products.

What is ‘sovereignty’ in politics?

HOW TO WORK WITH BREAKS

Know that we are right. Never hesitate.

*These matters are before the
civil authorities right now.*

HOW TO WORK WITH THE INFORMATION

Think Transit is one example. Buses are ‘on-Star’. We are too. Why wait?

Spirited Energy is another local e.g.

Centres of Excellence is coordination in Government of Canada, Industry, Institutions and Agencies.

Communications technologies shape the collective. Ads ridicule working class.

Professionals must serve the people.
Understand the Corporate structure.

Banks & Investors are driving the policy.

Automated Doors lock people out too.

GPS, RFID and much, much more.

FURTHER HELPING TIPS

Environment; What's in the language?
Pollution-related ailments are permanent.

News; Detect the legalese. Commercials and slogans hint at the true problems.

Community Leaders; all have responsibilities to lead us.

OTHER IDEAS

Picture’ production & distribution; profits and privatization; inflation, analyses and food & water as commodities.

Tax cuts and cutbacks are only symptoms.

Foreign Governments and their bodies have infiltrated our regulatory process.

We pay raised prices for groceries and services while our wages have been reduced.

Consider the cost that has been incurred by the innocent.

AT FEES YOU CAN AFFORD

We will save many people alive. This will be done free of charge to you.
