

To notify and inform the public

WHAT IS THE BIOCHIP?

Using the biological microchip technology in all people:

- 1 . Injected under the skin.
- 2 . Monitored by U.S. satellites.
- 3 . Personal financial info is global.
- 4 . Governments and Int'l Corporations.
- 5 . Canadian authorities have continually attested to me that these are the facts.

WHAT ELSE SHOULD I KNOW?

DNA, genetic research, cloning are obsolete; temporary answers at best.

- i) Experiments on patients
- ii) Applied on prisoners and government personnel
- iii) Babies & Immigrants
- iv) False investigations/imprison
- v) Bio-torture

Tech Companies also escalate tensions between governments and public.

'Line' officials and Central Agencies are closed doors and "gate keepers".

Global Companies collaborate with the shadow government for control.

Pre-loaded syringes used for free flu shots, vaccines, and inoculations. India is the first democracy to implement it.

We offer effective blue box, recycling, and compost plans as consultants to city hall.

CURRENT CLIMATE CHANGE

The species barrier has been broken.
Diseases cross over: pests – pets – people.

Although busy you'll want to discern the facts. Be careful of what experts tell us.
Decide to know nature is at risk.

- 1 . Honesty allows you and me to approach officials and employers.
- 2 . Defend the law; protect your families.
- 3 . Our food and water are the life issues.

“ABOUT THE “FUTURE”

The “future” is here for the elite. Our homes, work, cars, and equipment are on-line, on -star. Who can afford it?

The ruling classes are using artificial intelligence to “know” their subjects.
Manufacturers ‘chip **all** products.

What is ‘sovereignty’ in politics?

HOW TO WORK WITH BREAKS

Know that we are right; never hesitate.

These matters are before the civil authorities right now

HOW TO WORK WITH THE INFORMATION

Think Transit was one example. Buses are ‘on-Star’. We are too; why wait?

Spirited Energy is another local e.g.

Centres of Excellence are coordination in Government of Canada, Industry, Institutions and Central Agencies.

Communications technologies shape the collective: ads ridicule the working class.

Professionals must serve the people.
Understand the corporate structure.

Banks & Investors are driving the policy.

Automated doors lock people out too.

GPS, RFID. Missing persons?

FURTHER HELPING TIPS

Environment; what’s in the language?
Pollution-related ailments are permanent.

News; detect the legalese. Commercials and slogans hint at the true problems.

Community Leaders; all have responsibilities to lead us.

OTHER IDEAS

“Picture” the production; profits and privatization; inflation & money; food and water as commodities.

Tax cuts and cutbacks are only symptoms.

Foreign governments and business have infiltrated our regulatory process.

We pay raised food prices and services while our wages have been reduced.

Consider the cost that has been endured by the innocent.

AT FEES YOU CAN AFFORD

We will save many people alive. This will all be done free of charge to you.
